About *Kuromukuro*

During the construction of the Kurobe Dam, an ancient artifact is discovered. With this discovery, the United Nations Kurobe Laboratory is established at Kurobe dam and intellectuals from all over the world are gathered to research the artifact. The children of these researchers, including the institute head's daughter, Yukina Shirahane, attend Tateyama International High School. One day, unidentified invaders fall from the sky and commence invasion. Yukina is attacked by one of the invaders but is saved by a mysterious man who has come out of the artifact, Kennosuke Tokisada Ouma.
